

Panasonic Telephone Systems

KX-NCP500/1000

Converged IP-PBX Phone System

Panasonic KX-NCP500
Panasonic KX-NCP1000

5 Competitive Advantages

Network Communications Platform (NCP) helps you cut communication costs and be more productive with many advantages for the end user:

- Integration with Professional Voice Mail System (KX-TVA series), built-in voice messaging and Automated Attendant functionality
- Mobility application supporting mobile phones as office extensions
- Multi-Cell wireless integration with 8 cell stations and 64 handsets
NEW: Experience greater clarity, security and reduced interference with our latest line of DECT 6.0 wireless phones.
- Built-in desktop application, Communication Assistant for call management
- Built-in support for advanced IP extensions as well as SIP telephony (integrated with SIP trunking providers). Supports remote workers and remote offices.
